

Welcome to this issue of GovProcurement Newsletter. Starting from this issue, we will send you updates about the e-Procurement Pilot Programme with the latest news and development along the implementation of the Pilot Programme. Stay tuned!

Programme Overview

The Government is embarking on an e-Procurement Pilot Programme to enable electronic transaction between suppliers and the participating departments in respect of departmental purchases of non-construction related goods and services up to \$1.43 million. These participating departments include the Environmental Protection Department, the Immigration Department, and the Office of the Government Chief Information Officer.

Rollout Schedule for Pilot Departments

The e-Procurement System will be rolled out progressively among the 3 pilot B/Ds, starting with the Office of the Government Chief Information Officer from 30 September 2009, followed by the Environmental Protection Department and the Immigration Department.

Types of e-Services

The following e-Services will be rolled out progressively starting from end of September.

Supplier Inclusion

Account Activation

Profile Maintenance

Account Management

Invitation of Quotation

Purchase Order

e-Catalogue

e-Submission

Supplier Inclusion Screen

Benefits Highlights

One-stop Portal – The e-Procurement System offers a variety of functions that fits your procurement needs, e.g. check quotation invitation and status of purchase order as well as upload product catalogue and submit quotation online.

Quick Update – You can update your company information and product catalogue anytime, anywhere.

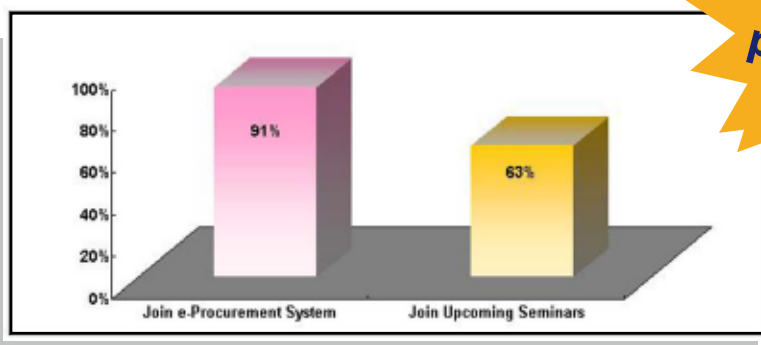

Paperless – Through the submission of quotation online, you do not need to print the quotation which is more environmental friendly

More Convenient – Via the e-Services, you are able to reduce turnaround time and transaction cost for business.

Findings for Sharing

Over the past few months, we have conducted a profile update exercise for suppliers and we have received overwhelming responses.

**>90%
Suppliers
have joined**

**Don't miss the
chance to
participate!**

How to Activate

For those suppliers who have enrolled to use the services will receive an Activation ID by email and PIN by post starting from late September. Start your account activation by visiting www.gov.hk/eprocurement now!

What's Next

The e-Procurement Pilot Programme Office will organize seminars for you to learn more about the Pilot Programme in coming months. Details of seminars will be announced soon.
